Request of Records For Public or Private Middle and High School Applications

Renaissance Arts Academy dedicates all resources including advisor expertise and time to ensuring our students gain the greatest benefit possible from the academic and artistic program RenArts offers. The considerable time, effort, and expense that public or private middle and high school application packages require makes them impossible for our faculty to complete without diverting resources away from RenArts students' needs.

Therefore, RenArts limits the materials available for public or private middle school and high school applications to the release of, upon written request by the parent, copies of the student's academic progress reports, and when available standardized test results.

If you would like RenArts to prepare records for a middle or high school application, you must make a request in writing two weeks prior to the date for submission. There is a \$5 copying/postage courtesy fee per school request.
